

CABADO

Austere beauty for unique bathrooms

The finest handcraftsmanship and the look of folded tobacco leaves inspired one of Steuler's most recent tile designs: the new CABADO series – now in Steuler's assortment – sets standards in format, value and manufacturing quality.

The central décor is realized with craftsmanly perfection and much love for details. With warm, natural tones that call to mind tobacco, coffee and chocolate, CABADO transports its beholders into a world of Caribbean spa emotions, thus uniting holiday dreams and everyday reality.

CABADO is meant for people who love far-away places and warmth. But CABADO also satisfies rigorous demands for practicality and excellent craftsmanship. The basic tiles of high-quality stoneware are readily combinable and easy to work with.

The new format is unusual too: the CABADO basic tiles are convincing thanks to their slim, elegant, horizontal format of 20 by 60 cm.

This makes it possible to create impressive planar decorations and thus an exciting bathroom architecture in which the decorative elements can be used horizontally, vertically or in both orientations. The large floor tile combines with them in perfect chromatic harmony: it measures 60 by 60 cm and is available in either "anthracite" or "mocha." This makes it perfect for creating both austere beauty and feminine notes in unique bathrooms.

Basic tile in: beige, grey, mocha, anthracite
Floor tile in: anthracite and mocha

Format:

20 x 60 cm (wall)

60 x 60 cm (floor)
